# Si-COAT®

## ANTI-GRAFFITI PROTECTIVE COATINGS

100% SILICONE

Si-COAT® is designed for long-term protection against graffiti, withstanding indefinite graffiti removal cycles. Its superior performance reduces your maintenance costs and improves asset service life. All Si-COAT AG coatings are naturally hydrophobic, flexible and breathable, combining to create long-term protection for your assets.

### PRIMARY BENEFITS & FEATURES:

- Easy to clean with cold, low pressure water
- Type II & III permanent (non-sacrificial) coating
- One-part, one-coat application
- Minimal surface preparation required
- Long service life
- Hydrophobic and waterproof
- Breathable coating
- Superior Flexibility

RESISTANT TO: WEATHERING | UV | WATER | EXTREME TEMPERATURES  
CORROSION | WIND-DRIVEN RAIN | FREEZE & THAW CYCLES | AGING

### PRIMERLESS ADHESION\*:

- Concrete
- Brick
- Stone
- Fiberglass
- Metals
- Pre-existing Coatings
